FORBES MANUFACTURING COMPANY.

INCORPORATED.

AMERICAN TO START UP

Has Secured Control of Its
Leased Floor Space.

The American Snuff Co. has secured control of its big factory, which had been leased to an association prizing firm, and is about ready to open up to its full capacity. The manager, Mr. W. M. Hancock, has been buying for a month or more. The starting up of the American Snuff Co.'s and the Imperial Tobacco Co.'s plants means much to the colored factory hands of the city, who have been given work in large numbers. With the loose selling agreement in effect, the association tobacco is now available to all of the factories and the season will be a booming one from now on.

CAUDLE—During the closing engagement of the Wayne Musical Co. in "The Money Maker" Saturday night, an incident out of the ordinary occurred. One of the specialties was a song by Loretta Marshall, who off the stage is Mrs. Fred Wayne, the chorus of which was "Come and Kiss Me." Loretta is a youthful soubrette, blonde and sprightly, with a pretty face and a sweet voice. Her song made a big hit as she singled out one after another of the young men near the front and leaned far over the footlights with bare arms extended begged them to "Come and kiss me". Several verses were sung in this way when she finally singled out Jule Caudle and made the same appeal to him.

Now Caudle is a "soldier of Co. D" and is no more afraid of the fair sex than he is of night riders and when the appeal came to him he left his seat and advanced to the footlights. The little woman stood her ground as the brave young soldier approached, mounted a trunk under the footlights, seized her by the hand and leaning over and upward accepted the invitation with the dauntless courage of a Richmond Pearson Hobson. The large audience cheered its approval. Loretta scampered from the stage, but soon returned to sing another verse.

BARKER—A good deal of confusion exists in the public mind over the prominence of two Barkers in association matters. Chas. E. Barker, of Elmo, was the vice president of the Planters Association in Christian county in 1904, but differences in policy arose between him and Mr. Felix G. Ewing and Mr. Barker ceased to be prominent in the association. Retaining his membership he has disapproved much that the association has been responsible for under Mr. Ewing's management. He is now prominent among that large class of farmers classed by Mr. Ewing as "malcontents," because they do not endorse his mistakes in management. The other Barker is Dr. Joe Lewis Barker, a young physician of Pembroke, a nephew of the former chairman. He is a son of Mr. John W. Barker and a brother of Dr. E. H. Barker, of this city. He was elected chairman last summer as a compromise candidate in a contest between W. W. Radford and Geo. W. Barnes. He is an enthusiastic association advocate, an intelligent and conservative young leader and a strong supporter of Mr. Ewing's policies and in the main of his methods. A great many people think the former chairman and the present chairman are one and the same, but each is anxious not to be mistaken for his relative.

KING—Thomas A. King, of Church Hill, is not the Tom King who has been made one of the defendants in the damage suit of Geo. W. Gordon, of Eddyville, a victim of night riders. There are two or three Tom Kings in Christian county, but T. A. King is not one of them.

sociation man, as he was one of the last men to join the organization in the county.

WEEK'S REPORT

Of Tobacco Market in Hopkinsville.

Tobacco business was active on the local market last week. The association sold 216 hogsheads, leaving only 925 hogsheads on hand, 125 common leaf and the rest lugs and trash.

The loose floor sold 125,000 pounds at prices ranging from \$3 to \$9.75.

The Italian Regie has secured a much larger house and will begin to buy in larger quantities as will the American Snuff company, they having secured their own large factory, which was rented at the first of the year to Association prizers.

The association sales for the week ending Feb. 12 wore 2,022 hogsheads, bringing the total up to 51,336.

Old Style Sales.

A new feature of Equity sales of tobacco will be inaugurated on Wednesday, 24th. A large number of hogsheads of prized tobacco will be sampled and graded by the committee and will then be offered for sale on the head of the hogshead to the highest bidder. The committee will previously fix the minimum price on this tobacco and all sales will have to be made in accordance therewith. The Equity people hope to re-establish this old and safe plan of selling tobacco in which way each hogshead sells on its own merits.
